

ST. ANTHONY HOSPITAL

Is Coming To Your Neighborhood.

Get the facts about construction timelines, landscaping and impacts along Canterwood Boulevard.

ATTEND A COMMUNITY UPDATE MEETING JUNE 7.

Come learn about how construction of St. Anthony Hospital will affect you over the next 18 months.

Join us at a special meeting for those who live near the site of the new St. Anthony Hospital. You'll hear from Franciscan representatives as well as from the project team from Sellen Construction about:

- Project overview
- Timeline and key milestones
- Traffic impact during construction
- Landscaping plans

This is your chance to ask questions about local health services that could someday save your life, or that of a family member. This is one meeting you won't want to miss.

Also visit us at www.FHShealth.org for information about St. Anthony Hospital.

Construction of St. Anthony Hospital is underway off Canterwood Blvd. in north Gig Harbor. It will feature state-of-the-art 24-hour emergency services; medical, surgical and critical care; inpatient and outpatient surgery; a heart catheterization laboratory; diagnostic imaging services, physical, occupational and speech therapies, and more world-class doctors close to home.

ST. ANTHONY HOSPITAL COMMUNITY MEETING:

Thursday, June 7, 2007

7:00–8:00 p.m.

Fire District #5

10222 Bujacich Rd. N.W.

Gig Harbor, WA 98332
